Storage update

We have identified some additional areas for temporary storage that will maintain the integrity of the park. Some unsightly units have been removed, and letters have been sent to persons not current on their payments.

We feel that progress is being made, and that the storage issue as a whole should start coming together before too long.

*** * * To remain on the newsletter mailing list... * * ***

The newsletter has now gone to a monthly format. It will be posted on the park's website www.tlresort.com in an easily read and printed form. To control costs, please notify us by May 15 if you wish to stay on the mailing list. Otherwise, we will assume you prefer reading it on the park's website.

Emergency siren ready for install

Treasure Lake's new emergency siren equipment has arrived, and should be installed by the first of March. I think we all remember the March storm that blew through Branson and the park last year, so everyone staying here at the park will sleep a little easier knowing that the siren is there. The siren will be connected to the city's network, and will sound for any type of disaster, including tornadoes and other severe weather.

I would like to thank the

Owners who honored me with their vote. I recognize the trust you have placed in me. I have been a frequent visitor of TL with both my parents and my children who are now adults. I shall remember what I learned about the day-to-day operations while working at the Front Desk and will use that during my deliberations as well as what I learned during the campaign. Comments and suggestions are welcome.

You can e-mail me for my personal contact information at

Board@tlresort.com

A great big thanks to

everyone who supported me in the election for the Board of Directors. The Board is facing some very important issues, and I ask each of you to become familiar with each of them as they come forward so you will be able to support them if that is your wish. I ask that if you have some information or advice that would be beneficial to Treasure Lake, please contact me at Board@tlresort.com, or the park's regular mailing address attention my name. Thanks again.

Two new management positions created

The Board of Directors has created two new positions in order to help the park to run more smoothly.

The first is called the **Maintenance/Project Manager**. This employee is responsible for overseeing the Park's maintenance department and all construction, remodeling, and landscaping type projects. Many applicants were considered for this very important position. The General Manager and the newly formed Personnel Committee finally decided to offer the position to a candidate named **Mark Vincent**. We are looking forward to a great year with him at the helm of our projects and maintenance crew.

The second new position is **Controller**. This employee is the chief financial officer for the park. As with the new Maintenance/Project Manager position, many highly qualified people were interviewed for this pivotal job. **Thomas Engle** was finally selected, and will start work within a few weeks. His arrival is highly anticipated.

New Activities Director

Our new Activities Director is **Lenny Ammerman**. He is coming to us from the activities program at Lost Valley Lake Resort in Owensville, MO. Lost Valley Lake is a 5 star Diamond W rated resort, with a nationally recognized activities program, so Lenny is used to the challenges of a large property like ours. Be sure to talk to him and our new Activities Committee members about your ideas and suggestions. Lenny's email address is activities@tlresort.com.

Indoor pool

The indoor pool will be opening around April 1 instead of mid March as usual. A new heating unit for the pool is being installed, and the lift station behind the Clubhouse is being completely replaced.

Site improvement

The Board has approved the funds for fifteen concrete site pads to be poured on existing sites in Phase 1. Six pads have been poured so far.

We have received the permits for the B site upgrade in Phase 1. That project should be able to move forward within a few weeks.

New Board Member

Joe Humphrey was appointed by the Board at the January meeting to complete Russell Aday's remaining term (Aday resigned in January due to personal reasons). Joe is well qualified, and was already serving as a committee advisor to the Board at the time of his appointment. When you see Joe around the park, say hello and get

Check www.tlresort.com for more details and a full calendar of the Park's events.

Work Camper Program changes

The Board has approved some changes for the Work Camper Program that will have a big impact.

The hourly requirement for member work campers has been reduced from 32 hours per week per site to 20 hours. Non-member work campers will have to put in 24 hours per week per site. There is no longer any time difference between couples and singles.

Work campers and paid employees are now the only people that will be allowed to stay more than 21 days out of any 30 day period due to our return to the original restrictions.

New Chaplain Corp

This group will assist Members experiencing an emergency while staying here at the park. Anyone interested in more information or volunteering contact Leland Curtright - Board@tlresort.com

Sunday worship service

We need volunteers to speak, lead congregational singing, and provide special music for the Sunday services. If you are interested, please contact Leland Curtright at Board@tlresort.com with your interests and availability.

Pet units

Four pet units will be available this season. The flat \$10 cleaning charge has been changed to \$5 per night up to a \$20 maximum charge. The carpeting is being replaced by vinyl flooring in all four units.

adam@tlresort.com, or to our mailing address marked Attention: Adam

New fishing rules

Fishing at the Phase 2 pond is now limited to children ages twelve and under. An adult must accompany the child for safety reasons. This pond will be stocked with only small bluegill type fish. The Welcome Center pond will be stocked with catfish. Fishing gear will be available for purchase at the Treasure Lake store.

The fishing tournament will be held June 9 this year, and both ponds will be stocked several weeks prior to the tournament weekend. Contact Lenny in activities for more information.
