From Sam Hartsell, General Manager

NUMEROUS COMPLAINTS OF VIOLATIONS HAVE COME TO MY ATTENTION. AFTER CONSTANT WARNINGS REGARDING SUCH AND VIOLATIONS CONTINUING, IT IS NECESSARY TO FOLLOW WITH FINES. I WANT ALL OWNERS, GUESTS OF OWNERS, FOREST PARK OWNERS, ASSOCIATE MEMBERS, AND EMPLOYEES TO KNOW THEY MUST COMPLY AND NOT VIOLATE PARK RULES AND REGULATIONS. THIS IS A MUST FOR PERSONAL SAFETY AND PRESERVATION OF OUR PARK. MEMBERS ARE NOT ALLOWED TO LET GUESTS IN WITH THEIR GATE CARD. ALL GUESTS MUST CHECK IN AT THE WELCOME CENTER AND SIGN THE GUEST REGISTER FOR A ONE-DAY GATE CODE EVERYDAY THEY WANT TO COME ON THE PARK. NO WALKING THROUGH THE GATE IS ALLOWED AT ALL! Your assistance and cooperation is much appreciated.

STORAGE – Joe Humphrey – Board President

An inventory was conducted for the month of September. The results are as follows:

19 Units do not have a member number

2 Cargo trailers, which are not on the lease

5 Do not have a contract on file

1 No longer a member – sublease to another

7 Motorized vehicles without a current license

1 Past due

57 Unsightly

2 Subleased

12 Received a previous notification, but did not correct the problem. They will forfeit their lease.

The following are the leases available:

6 – 20 foot sites, 10 – 25 foot sites, 2 – 32 foot sites, 1 – 36 foot site, 4 – 45 foot sites.

Prior to being selected for the board, I was asked to work on storage. Even after being selected for the board, I have continued to work on storage. We have now reached a point, where I no longer need to be involved in storage. The goals that were established have been achieved. Rhonda Wolfe has been trained and is fully capable to follow through on the needs of our storage. In addition, I have shared with our project manager the plans for developing permanent storage in the upper tent area. I am convinced that he is fully capable to and willing to follow through with this project, which will be a winter project.

I want to thank everyone, volunteers, and staff who have been so helpful in meeting the established goals for storage.

Les Leochner, Jr. Biography – Assistant Manager, Administration

My name is Les Leochner, Jr. I was born and raised in Ludell, KS near the Nebraska and Colorado borders, the oldest of five children. After high school I went to Junior College, married and joined the Navy making it a career.

I became known as Master Chief Leochner and filled numerous positions during my time in the Navy. I began as an Administrative Clerk in Advanced Undersea Weapons and advanced to Training & Safety Officer for the Navy's Basic and Advanced Electricity and Electronics School. I also earned a BS in Sociology and graduate degree in Operations Management during this time. In addition I served as a Human Resources Management Specialist and Instructor, with collateral duty as Drug and Alcohol Program Advisor trainer. I am a Vietnam Veteran and made three seven-month tours to the Far East. I was also fortunate to spend three years in LaMagdalena, Italy on the beautiful island of Sardinia.

In 1987, after retiring from the Navy, I became Mall and Store Manager for VF Factory Outlet in Lebanon, MO. My job consisted of supervising all areas of operations for the retail store as well as marketing, management and maintenance of the Mall Complex. I served on the Lebanon Chamber of Commerce, chairing the Tourism Committee for several years, working with area campground and resort managers. I also worked with the local schools, employing and training developmentally disabled students.

Some of my hobbies/interests are Bible study, NASCAR, fishing, hunting and football. I coached my son Eric's peewee Pop Warner football team the year they took state in Florida! Some day I would still like to build a street rod and RV to Alaska.

My wife Lori and I have three children and eleven grandchildren. We enjoy travel and sightseeing in our off time, as well as taking in the sights and sounds of Branson.

Rhonda Wolfe, Storage Coordinator

My name is Rhonda Wolfe. I am the daughter of Robert Wolfe, who many of you know. I grew up in Dearborn, MO just north of Kansas City, MO. I started working for my Dad in his auctions in the mid 1970's allowing me to gain a lot of experience in customer service before I even started junior high school. I continued working for Dad even after graduating from high school.

I have an Associates Degree in Computer Science and Programming, and an Associates Degree in Electronics. I have worked for dialysis units repairing the machines and also in inventory control for the units. I have also managed optical shops where I was not only working with many employees, but also managed inventory control there also. I enjoy working with people. The most rewarding job was at the dialysis centers because by doing my job I knew I was helping to keep other people alive and healthy, but that profession can also be heartbreaking.

Some of my hobbies/interests are Bible study, scrapbooking, fishing, horses and reading.
