Petition Small Claims Court

The petitioner states he/she has a claim against the respondent in the amount of \$2,392.99.

The claim arose on or about July 10, 2007 as a result of the following events:

Treasure Lake, of which I am a member-owner, operated for approx. 20 years according to certain rules, even tho some of the rules were in opposition to the original by-laws. In Oct. 2006, the Board of Directors arbitrarily decided to revert to strict interpretation of the original developer's rules - without a vote of the membership. This action was eventually judged to be illegal by Judge Mark Orr on Dec. 4, 2008. As a result of the Board's illegal action, I have incurred certain costs for which I feel I should be reimbursed.

The petitioner states that the information in this petition is true and correct to the best of his/her knowledge, that he/she is not an assignee of this claim and that he/she has not filed more than twelve (12) other claims in the Missouri small claims courts during the current calendar year.

The petitioner understands that, should he/she be successful in this action and obtain judgment, and if the respondent does not appeal within ten days, this judgment becomes final. The petitioner cannot commence another action involving the same parties and issues. The petitioner understands that he/she is waiving the right to jury trial on these issues in the small claims court.
