Running for the Board of Directors of Treasure Lake Resort - 6 year owner

I bring to Treasure Lake, twenty two years of management experience, sound business judgment and a wide variety of Board positions. 'Have been RVing for 11 yrs and I drive an Allegro motorhome.

As a Member, I will attend Board meetings regularly and work with our elected Board to accomplish these goals:

A better system of communication between owners and the Board Members – without lawsuits.
Specific goals with timetables regarding site upgrades – and the Board needs to be held accountable.
Members need to trust that they are allowed to vote fairly and that their vote will count.
I will support the Manager 100% in doing the job he was hired to do – it is his job to run this Park.
I submitted a written plan for a “Bark Park” / dog run to the board 4 years ago and will pursue this project.
We must live within our means.
