## July, 2009

*A Message from Lenny Ammerman,*  
**RESORT MANAGER**

“Hi, Treasure Lake Owners!!

“It’s almost time for our exciting 4<sup>th</sup> of July Celebration at the Park. When you read the list of the festivities for that weekend, you won’t want to be anywhere, but here. If you can’t join us, have a wonderful 4<sup>th</sup> and come to see us soon!”

## *Frank Houston*

*Maintenance*

Even though Frank Houston can be found in the Maintenance Department, this does not mean that his skills or interests are limited to all the great projects the Maintenance Department performs for Treasure Lake. His lifelong fascination with art has not excluded his interest in other areas, earning a certification in pools, inventory management and chemicals and plastic resins.

Hailing from Arkansas and after a long residence in Kansas, Frank moved with his family to Branson. His interest in art became evident by age seven, when he frequently warranted his teachers' attention for drawing in class, rather than doing his assigned work. He graduated with honors in art and went on to have three of his paintings displayed in the Nelson-Atkins Art Gallery. His paintings also appear at the Ridgeview Baptist Church; and, in Kansas City on the side of the Famous Footlocker building.

Treasure Lake has been the fortunate recipient of several examples of Frank's skill. You need to check out his work at the pools; and, don't miss the great sign, on the side of the Snack Shack, displaying our logo.

Frank enjoys coming to work everyday and all his acquaintances enjoy having him and his great sense of humor around. Treasure Lake is truly his home away from home; and, he takes great pleasure in working for the improvement of the Park. During the four years he has worked here, he has come to know many of the Owners and considers them his good friends.

*Thanks, Frank, for your hard work and dedication!*

## Storage Update from *Melodie Martin*

“All of the permanent storage sites, with the exception of a few that are 18 to 20 feet in length, have been leased. These shorter sites are great for utility trailers, boats, etc.

“I would like to remind everyone that Temporary Electric Storage is for **low wattage** use only! This **does not** include air-conditioning. If you leave your air-conditioner on, you will be subject to having your trailer unplugged. Please adhere to this policy so we can all enjoy the benefit for which it was intended.”

*(Rodney is just one of the hardworking members of your Board of Directors.)*

*Undoubtedly, you have heard the legend of the albino squirrels at Treasure Lake . . . here is proof positive. He (or she) was located in a tree in early June, doing what squirrels do best.*

## Change is in the air . . .

For the last few months, there has been a collaborative effort, which has begun to transform your rental units. The efforts of your Board of Directors, the Rentals Committee of the Board, along with the implementation by the Maintenance Department and by the Housekeeping Department, have resulted in the beginning of the improvements. Here are just a few of the photos showing the results:

Our thanks to all our great employees from Maintenance and Housekeeping, who pitched in to complete this first leg of the improvements.
